Dear Jorgelina,

Thank you very much for sending the many volumes of your writings. For the record, your package included 16 books and pamphlets of your self-published works. We're happy to have these to include in our collections at Schlesinger, which include memoirs, self-explorations, and autobiographical writings of many women from many eras. Together they form a profound documentation of the lives of women. We would not have been able to build such a collection without the help and generosity of many authors and donors.

Thank you also for the information about the various series to which the individual works belong. I'll pass the information on to our catalogers to assist their work.

Please do get in touch with me if you have any questions or further works you'd like to place here.

Yours sincerely,
